

## Howie Li

Carlsbad, California  
Pittsburgh, Pennsylvania

(760) 908 - 8763  
howiel@andrew.cmu.edu

## About:

Having grown up with a wide range extracurricular interests, integrating various fields of thinking is deeply engrained in who I am. I am searching for an experience within the field of architecture that reflects my broad field of passions where I can apply my unique set of skills to further push the bounds of how we create and perceive space in both form and function.
