Darkroom printing	<div></div>

EXPERIENCE

Architecture Internship | GUIXUEWEN Studio, CSADI
Wuhan, China | June - August 2019
Summer internship at CSADI principal's studio. Worked on a proposal for the new entrance of Jiangnan Riverside at Wuhan. Helped with the illustration for several ongoing projects.

Designer | Lunar Gala Fashion Show 2020
Pittsburgh, PA | 2019 - 2020

Designed and produced a fashion line for the annually CMU student organized fashion show: Lunar Gala. The line constitutes of 8 pieces of garments. All self developed and produced.

Scholar | Pioneer International Academics Program
Wuhan, China | 2016 - 2017
Online architecture theory course with professors from Columbia University. Proposed the scheme for a skyscraper and wrote an essay that reflects the course contents and illustrates the design.

Student Mentor | CMU School of Architecture
Pittsburgh, PA | 2018 - present

Give additional assistance and advice on projects and assignments, and provide critical suggestions to help students improve their design and representational skills.

ACTIVITIES

ARCHASM Competition: Open Call
Attended an architecture design competition held by Archasm. The proposal is a Bohemian hostel located at Kunsthaus Tacheles in Berlin. The design is completed within one month with another teammate.

IDEAS Forward 24h Challenge
Attended an architecture design challenge which has a 24 hours time limitation after the brief was released. Designed a temporary refugee that can be fast assembled for Ebola patients with other three teammates.

COMAP HiMCM | Mathematical Contest in Modeling
Worked as a team of four students to work on a real-world problem by developing mathematical model during 11 day contest period. The solution need to be written in form of academic essay.
