EXPERIENCE

Carnegie Mellon University | Teaching Assistant Pittsburgh, PA (January-May 2021)

Teaching Assistant for Valentina Vavasis in "Ethics and Decision Making in Architecture" for 4th year students.

Helped the professor develop course materials, grading, and answering students' questions.

Fukui Architects | Architectural Intern Pittsburgh, PA (June-August 2019)

Field measured industrial and commercial sites.

Developed CD's for warehouse and distribution building projects.

Presented schematic design proposals to clients.

Produced construction cost estimates

Fukui Architects | Architectural Intern Pittsburgh, PA (June-August 2018)

Produced schematic designs and a 100% submission on a CD set (for PPG Paints Arena) by the end of internship.

Analyzed sites and programming for commercial projects.

Met with clients and assisted in proposal presentations.

Terracycle | Design Intern

Trenton, NJ (June-August 2017)

Assisted in developing concepts & prototypes for ecological products that are sent to other brands from their own waste, while also being functional in their reusable state.

INVOLVEMENT

CMU Booth Committee | Director of Blitz Booths Pittsburgh, PA (Fall 2018- Spring 20)

Oversaw the construction of several one-story (18'x18') houses.

Reviewed and revised construction drawings and assisted in 3D modeling on Rhino .

Delta Gamma Fraternity | Booth Plans Chair Pittsburgh, PA (Fall 2017- Spring 18)

Constructed the exterior and interior rooms manually in one week with power tools.

Created a construction drawing set for a one-story 18'x18' house.

Managed a team of 70 people to help construct the booth.

AIAS Member | Carnegie Mellon University Pittsburgh, PA (Fall 2016-Spring 18)
