COMPETITIONS AND PROJECTS

Architectural Competition

2018.06 - 2018.09

UIA-HYP CUP 2018 International Student Competition In Architectural Design

The topic is Urban Co-Living: Customizing Modules for Community. We intended to challenge the current Co-Living mode and include Unprecedented Efficiency of Relocation; advanced construction technologies; autonomous transportation and logistic systems; new values and ideologies, and the importance of human interaction

Architectural Competition

2017.07 - 2017.09

Natian Cup International Design Competition

The plot is to design an architecture piece based on the current development of Suqian, China. The scale can be decided by the participants. We decided to create a hub for the visitors of the site.

Filming Project

2018.01 - 2018.03

A "If You Are the One" Movie

It is a micro film we made for an annual event hosted by Chinese Student Association in Carnegie Mellon University.
